

Construction Law CPD Training

Led by an experienced barrister specialising in construction law, they provided training delivered with clear, practical guidance on the legal and commercial issues that matter most in today's construction industry. Drawing on real-world cases and extensive the sessions translate complex legal principles into actionable insights for solicitors and construction professionals in practice.

Whether you're seeking training to navigate construction contracts, manage risk, resolve disputes, or ensure compliance with evolving legislation, our training equips you with the knowledge and confidence to make informed decisions and avoid costly mistakes.

Designed for contractors, consultants, developers, and in-house teams, each course is engaging, up to date, and tailored to the realities of modern construction practice.

Practical learning. Real legal insight. Immediate value.
